A Crown of Life
is ours. For this we wait, we pray,
we hope.
At home, at school, in the world we live in,
we must develop,
mature,
learn to live as adults and as
Children of God.
Luther is a step in growth. To some
it appears
strange,
brick and mortar,
wood and glass.
It is.
Yet it is more. It is maturation, growth in mind
and in spirit.
Leading to the ultimate -
A Crown of Life.

Holly Hagan

A Crown of Life
The Freshman may have his view obscured -
Newness and strangeness surround him.
Adjustment brings security.
First images melt away,
suddenly Luther is a new world.
Perhaps now his view of the eventual goal becomes clearer -
his Crown of Life.

Oh, the Sophomore!
Bold, proud, sure.
Confidence personified.
One year behind, three ahead.
A small step?
Not really.
His goal may loom great or fade to near insignificance.
But still it remains -
A Crown of Life.

A Crown of Life comes into clearer focus
past the half way point for
the Junior.
Discovering maturity, values,
good sense.
He feels important; yet not as important as he
used to think he was.
He begins to find the adult may
possess more intelligence than his vast resources have absorbed.
He looks onward.

Senior?
"Smile" - and the picture haunts you forever.
The time has flown.
Not always used wisely
but irretrievably.
A threshold soon crossed.
Excitement, expectation, planning, preparations.
So absorbing.
So time consuming.
He may get lost in the whirl,
lose sight of his goal, temporarily.
Graduation is but one more step in life -
a goal reached.
The greatest gift by grace -
The Crown of Life.

*Dear Rich,
You're a swingin' guy
with a lot of talent - the
best of everything to a great
guy. See you soon.
Serry*

ADMINISTRATION

Mr. Walter F. Steinberg

Mr. Robert V. Pieper, Mr. Robert E. Schroer, Mr. Norman C. Utech.

The administration, school council, and faculty of Luther South are responsible for the Christian education of the students. These groups formulate policies and solve problems concerning every aspect of our educational and spiritual lives.

Mr. Walter F. Steinberg, principal of Luther South, takes care of the daily operation of the school. The result of his efforts can be seen in the fine Christian attitude of the students.

Mr. Steinberg is aided by three administrative assistants—the Registrar, the Dean of Students, and the Guidance Counselor. Mr. Robert W. Pieper, Registrar, is in charge of all class schedules, student programs, and individual records. Mr. Norman C. Utech, Dean of Students, maintains Christian conduct and helps students with individual problems. Mr. Robert E. Schroer, Guidance Counselor, assists students in planning their future.

Dr. Louis A. Menking, superintendent of the three Lutheran High schools in the Chicago area, has shown his leadership in promoting quality Christian education

The Luther South Council, made up of elected members from various Southern District Lutheran congregations, plans and guides the future operation of our high school.

ACADEMICS

At Luther South our life centers around spiritual values and academic studies. Through our classes and our instructors we gain knowledge which helps us obtain our earthly goals. With our ever increasing knowledge of God and His Will, we grow in faith and step closer to our ultimate goal—A Crown of Life

Seeking strength

RELIGION

In our study of religion at Luther South we find foundations of faith in which we may build and mature in both our social and religious lives. The Freshman has a general study of the New Testament. He studies the life of our Lord Jesus and the beginning of the early Christian Church. The Sophomore makes a more detailed study of the Old Testament. He learns the beginning of man, sin, and the promise of salvation in the prophecies of the coming Messiah. The Junior begins his study with the early Christian Church. He studies the history of the Church through the ages past the Reformation to the present. The Senior studies the doctrines of our Church. He not only reviews what they are but learns how to best apply them to his life. The study of God's Word is a necessity in our striving for the Christian Life.

ENGLISH

"Double, double toil and trouble
Fire burn, and caldron bubble.

All the seniors who attended the Goodman Theater's production of "Macbeth" remember this quotation. The seniors were also privileged to see the Electronovision presentation of Richard Burton's "Hamlet".

The newly introduced modern literature course gives juniors and seniors an understanding of popular literature and also helps them develop their creative writing ability. The traditional English courses teach the proper use of the English language, the fundamentals of composition, and the appreciation of English and American literature. The sophomore speech course enables students to improve their oral expression

SCIENCE

What are the nine planets in our solar system? What is the difference between a hippopotamus and a daisy? What is the atomic structure of hydrochloric acid? Luther's science students have a common bond—curiosity about the world around them. General Science deals with all aspects of science from space exploration to daily weather forecasts. Biology deals with the study of living things. Physics delves into the relation of matter to energy. Qualitative analysis deals with the elemental composition of substances.

MATHEMATICS

Theorem . . cosine . . logarithm . . hypotenuse

This year a new Freshman algebra course, Honors Algebra, was added to Luther South's math program. Freshmen were chosen for this course on the basis of their entrance test scores and grammar school records. The main concern of the new course is the analytical aspect of algebra. Most of the other math courses received new textbooks. Each course of the math program trains students to think logically. Interesting projects such as the construction of hexaflexagons and the study of topology add to knowledge gained through daily assignments

SOCIAL STUDIES

The orange ballot--"Johnson Elected"--
"Nation Mourns Hoover's Death"--Viet Nam

The social studies department is constantly trying to provide the students with the understanding needed to meet the problems and challenges of the world. Citizenship teaches the students about their responsibility toward the government. Geography gives the students a knowledge of the physical characteristics of the countries of the world. World History teaches the students about the past problems and solutions of these problems of the world. This course often compares yesterday's situations with today's. U.S. History fully covers the story of the growth and development of our country. Problems in Democracy prepares the students for their part in our democratic society. The students are fully instructed in the difficulties which democracy is facing in the world. Sociology helps the students better understand themselves and the people around them.

After learning the keyboard, the beginning typist finds that typing really is not as difficult as he thought. This year Miss Brockman set up a miniature football field on the typing room bulletin board. As each student's speed increased, his paper football was moved up the field to a touchdown. The business department also offers shorthand and transcription--valuable courses for the potential secretary. Office practice, bookkeeping, and general business prepare the future office worker with the basic knowledge and skills he will need.

ART

Jig saws--sauce pans--T squares--paint brushes

Luther's arts department offers instruction in the fine, domestic and industrial arts. This year, along with still lifes and landscapes, the art classes painted the banners that were hung in the main entrance to announce the football and basketball games. Home Arts I and II prepare the girls for their roles as future homemakers. The main projects of the year were cooking and sewing. The Industrial Arts courses teach the boys to work on wood and plastics with various tools. Mechanical drawing develops the patience and accuracy the boys will need as architects.

Innsbruck, London, and Paris will be invaded this summer by several Luther students who will be participating in a foreign language study program. Mr. Kautz will accompany the students as their sponsor. Luther offers two years of Latin and German. As the students learn to read, write, and speak the foreign language, they also become familiar with the customs and history of the countries

PERSONALITIES

Throughout our four years at Luther, we develop our talents, gain knowledge, make friends, mature and come to an understanding of ourselves and others. We plan our future and set goals for ourselves. During our lives we strive to achieve these earthly goals and eagerly await our ultimate prize—a Crown of Life.

Luther Visited by German Student

In September of 1964, Luther South welcomed George Leidmann, a student from the southern part of Germany, as a part of its student body. His father sponsored his trip to this country, and while here, he is staying with relatives in Chicago. Photography, art, and skiing are among his favorite pastimes. His purpose in coming to America is to learn our language and study our customs. He feels that teenagers in America have much more freedom and responsibility than those in Germany. After spending summer traveling through the western portion of the United States, George will return to Germany late in August. There he will continue his high school education and later enter college.

SPORTS

Through the sports program at Luther, both players and spectators learn the value of Christian sportsmanship. Even though we strive for victory, we learn to accept the losses along with the wins. During our lives we will continually strive for our final victory--a Crown of Life

ACTIVITIES

Whether it is wind whistling past the chilled ears of a tightly holding toboggan crew or the contemplating, stalking, strategy leading to a checkmate, friendships are created as we do things together. More than only academic pursuits are necessary for a rounded personality. Activities and organizations provide the balance which the classroom alone lacks. Life becomes more enjoyable and meaningful when we share friendships and experiences within a common faith in our Lord and Savior Jesus Christ who has promised us A Crown of Life

FIALS

The four sections of Faith In Action At Luther South-music, art, drama, and stewardship-work together to sponsor special assemblies and chapel services. This year the sale of Christmas cards helped to make the holiday season more meaningful for all the students.

SPORTSMAN'S CLUB

Left to right: Mike, John, and Steve

The Sportsman's Club is a place where you can enjoy the outdoors with your family. It's a great place to go for a walk, jog, or bike ride. The club also has a swimming pool and a tennis court. It's a great place to relax and enjoy the outdoors.

Members of the Sportsman's Club are encouraged to bring their families along. The club has a large parking lot and a playground for children. There are also several picnic tables and benches for families to enjoy. The club is open to all members and their families. It's a great place to spend time with your family and enjoy the outdoors.

A black and white photograph of a group of eleven people, likely a family, posing indoors. There are six people standing in the back row and five people sitting or kneeling in the front row. The setting appears to be a living room with a fireplace or large window in the background. The image is somewhat faded and has a vintage feel.

Dear Rick,

It seems like only yesterday when I first got to know you. But time has flown and school is over. It's been great fun this year and I sure hope it will be more fun next year. We are going to have a riot at the beach this summer. I want you always to be a cool and great guy. Remember everything I tell you is not a lie. Maybe next year we will have more classes to get so we can have a riot. Take it easy this summer and don't flirt with too many girls or you'll be awful sorry. I just love your green sweatshirt and hope that whenever I'm cold you'll let me wear it. Please!! Be good and don't get in to much trouble. See ya soon and this summer. See ya at the beach.

Love Always,

Kris

To Rich

I hope
you have lunch
again next year.

For some goodies,
have a cool-time
